How Not to Write a Newspaper Article

Don't get the idea that a paper wants long articles or that readers care to read them; don't be prolix, state what you have to say in as few words as possible; never mind the elegance of style, and don't get "prexy" and try to teach the world what you know about history and other matters that are all right in their place but out of place in a local paper. We are so limited as to space by the scarcity of print paper that we are compelled to leave out paid matter, hence cannot afford unusual space on any subject. The editor just loves to receive short, pithy news items and lengthy articles are his bane; in fact we have known wicked ones to cuss at them, and we know no one wants us to cuss, so please be brief.

Postponed Inquest Over Mrs. Gillen

The coroner's inquest over the death of Mrs. Laura Gillen, the woman killed by a speeding automobile at Stewart ave. and 63rd st. two weeks ago, was again postponed owing to the illness of young Jaeden, who is suffering from scarlet fever at his home, 6822 Lafayette ave. By some error the names were confused in our article last week and Mr. Heller of Garfield blvd. was accused of driving the speeding car, when he really was the driver of the small car that was struck by Jaeden's car. Jaeden is released on bonds but the inquest cannot be held until he recovers sufficient to attend the hearing.

The "White Collars" Organizing

The under dog in the whole fight between capital and labor has been the "white collar" fellow, who though educated, competent and reliable had no protection other than his merits to hold a position, or regulate his salary. This class of man, while composing a very large per cent of our best ordered people, were not organized, had no unions or associations that enabled them to deal with or demand their rights, and as a rsult they were the poorest paid and least considered of all wage earners. If one mustered up spunk enough to quit his ill paid position, a dozen others scrambled for it. Now the worm has turned and the "white collar" fellows are organizing and we understand it is a most intelligent one, with no red fire, no threats of strikes or sabotage, simply as good American citizens, who believe that they are entitled to as much consideration as the tradesman, mechanic or laborer, and they purpose being in a position to ask consideration. While union men's wages have increased double, these men have been grateful for a ten or twenty per cent increase, and with the H. C. L. hitting them body blows, and their ambition to educate and bring up their families properly, life has been a continuous struggle. We feel sure it will not be radical, and wish the "white collar" fellows all sorts of good luck and success.

EMPRESS THEATRE

Never before in the successful history of the Empress theatre has there been a time in which so many big attractions have been booked and given the public. The amount of talent Manager Mitchell has secured for the summer season is a subject of remark in the amusement world, and he goes along in his same old way, seeking even better each week. One feature of the Empress is the excellence of its music and it is the subject of many compliments. Not only does this excellent body of musicians give us the topical music of the day from the latest composers, but back into the classics and among the very best they go until their repertoire makes one happy to hear from the dizziest shimmy jazz to the heavenly strains of the old composers, who knew nothing but real music. The variety of the Empress entertainments is a feature and commends itself to the worn-out business man or woman or even the leisure class. They have the best of pictures, subjects of travels, as well as the latest released features and in addition have a string of star vaudeville acts that none of the city houses may equal. All that is latest and best, all that is good and beyond the ordinary is found at the Empress and you will see and hear it if you get the habit and follow the crowd.

Up-to-Date Youth.

The Republican Woman's club of the 32nd ward met at the pretty home of Mrs. Henry Wilder, 9757 Prospect ave., on May 22nd and were entertained in a delightful way by prominent speakers and artists. A social hour followed and old time circus stunts were indulged in by those present. These happy gatherings are very pleasing, for after thinking about current events, one can relax and enjoy some of the pleasant things of life.

The Stewart and Henning families of Hermosa ave. left on Wednesday morning for their new home in Pasadena, Cal. They are traveling by automobile. A large truck is loaded with their furniture and belongings. The Chicago Bridge & Iron Co. photographer snapped the travelers and the picture will appear in one of the issues of the Chicago Tribune. The families have long been associated with the Ridge and have a host of friends.

Paving Must Be More Substantial

Almost everyone has noticed that many miles of comparatively new laid paving is ruined after the long winter, and very little service got out of it. The cause is the extremely light foundation, as well as light top dressing. These light pavements were good enough for the one, or at most two ton loads of years ago, but with trucks carrying ten to twenty tons they crumble up like ginger bread. Even the boulevards are disintegrating and are less serviceable than formerly as the constant travel of the thousands of cars, even though they be light in weight, wears off the top dressing and the cold and damp plays havoc with the skimped foundations. Specifications for paving hereafter should specify much heavier foundations, or loads and travel should be limited, or few jobs of paving will last until the last assessment is paid on them.

Pennilion Singing.

Pennilion singing is quite common in Wales, and peculiar to the principality. It consists of an instrument playing over a tune in strict time and repeating it over and over again, while the singer or singers extemporize words to it in rhyme. The impromptu poetry must fit in with the music and is generally of an amusing character. The custom is quite common among the people, and the instrument used is their national instrument, the harp.

Stepanek & Son's Handsome New Store

Success crowned the opening of the handsome new store of Stepanek's Corset Shop at 7742 Halsted St. last Saturday evening.

After strenuous efforts put forth by Mrs. Stepanek and her son George the finishing touches were wound up by the various workmen and the doors were opened to the public about noon time.

Shelf after shelf of corsets, hosiery and accessories to the perfect toilet, dear to the heart of the well dressed woman, found their places in orderly array.

Displays of the finest merchandise graced the beautiful large show windows, vieing for attention with handsome bouquets of American Beauties and spring flowers, with a well planned lighting effect that made of the whole a perfect picture, pleasing to the eye, yet attracting widespread attention.

Mrs. Stepanek realizes a life-time ambition in the opening of this new store. Since the death of her husband seventeen years ago, when she was left with little money, poor health and a three-year-old boy, she has made a single-handed fight for existence for herself and child.

By her unaided efforts and much sacrifice she has developed a successful business, given her son a liberad education and trained him in good business methods to the point where he is now equipped to embark upon a career of his own, the goal of his own and his mother's ambition.

The new store will be managed by George Stepanek, assisted by a corps of trained corsetieres, graduates of the Kabo training school and thoroughly conversant with the science and objects of corset fitting and corset wearing.

Knowing as we do the ideals and conscientious business methods of the proprietors of Stepanek's Corset Shops, we prophesy a continued success for the original store and wonderful success for the new store. We extend our best wishes and congratulations.

CHANGE OF OIL TO SAVE MOTOR

Official of Large Motor Truck Concern Urges Practice as Protective Measure.

KEROSENE QUITE INJURIOUS

Little Chance of Changing Quality of Gasoline, Therefore Variation of Lubrication Frequently Is Strongly Advocated.

A campaign to call attention to the necessity of changing oil in motors every so many hundred miles has been advocated by M. L. Pulcher, vice president and general manager of a prominent motor truck company. He contends that failure to change oil frequently is the main cause of the deterioration of motors.

Mr. Pulcher points out that there is so much kerosene in gasoline today that it has a tendency to run down past the pistons, get into the lubricating oil and thin it. The kerosene cuts the thin film of oil on the wearing surfaces of the pistons, piston rings and cylinder walls.

Bugbear of Inefficiency.

With the film of oil on the wearing parts of the motor broken, friction, the bugbear of motor efficiency, starts in. The pistons work up and down through broken films of oil in a lubricating substance that has lost considerable of its richness and thickness.

There is little chance of changing the quality of the gasoline. Therefore, to prolong the life of the motor the only thing to do is to change the lubricating oil frequently, possibly every 500 to 1,000 miles, he advocates.

An experiment witnessed by Mr. Pulcher recently is instanced by him as proof that it is the nonlubricating qualities of the oil that damage motors.

Result of Experiment.

A motor was brought into a shop with almost .015 inches wear. The motor was ground to .020 inches oversize, fitted with new pistons, put on the block and filled with good, clean oil. The motor was then run continuously for 60 hours and during this time the oil was changed three times.

When the motor was taken down it showed no wear.

The motor was again put together, oil was taken from an old truck and the motor was put through the same 60-hour test without any change of oil. It showed .005 inches wear, indicating that it is the nonlubricating qualities of the oil resulting from the kerosene working past the pistons and mixing with it that cause the deterioration of motors.

Calumet Musical Clubs to Give Concert

The glee clubs and orchestra of Calumet High school will give a concert in the auditorium of the Teachers' College at 68th st. and Stewart ave., Friday, June 4, at 8 o'clock. This is the first entertainment of the kind that has been given by the school this year and a large attendance is promised. The tickets are 25c.

Lack of Hospital Facilities

New Auburn Park Hospital Will Add 200 Beds to This Part of City

A survey of hospital facilities on the south side of the city made by persons interested in the campaign for the new Auburn Park Hospital has revealed that there is a serious shortage of hospital beds in this great growing section of the city.

Health experts estimate there should be at least one hospital bed for every 200 persons. As the population of Chicago south of Fifty-fifth St. is estimated to be half a million, there should be 2,500 hospital beds. The survey just completed, however, reveals that there are only 677 hospital beds to accommodate the sick and injured from this half million people. The shortage of hospital beds in this part of the city is 1,823.

"The acute housing situation in Chicago is not a circumstance to the hospital bed shortage," said Benjamin S. Wilson, chairman of the executive committee in charge of the campaign for $500,000 for the new hospital. "In the great south side district beyond 55th St. the shortage of hospital beds is more serious than in other parts of the city. The new Auburn Park Hospital will provide for 200 hospital beds and will aid greatly in making the south side of the city a leader in death prevention, for that is what a hospital does.

"The death rate per 1,000 of population in the last seven years in the Thirty-second ward was 13.37. That of the Thirty-first ward, which has more hospitals, was 12.78. The Twenty-ninth ward, which touches the Stockyards district, has a death rate of 16.55; the Ninth ward, directly east of the Thirty-second, has a death rate of 12.72, while the Eighth ward, which includes South Chicago, a section from which many patients would be taken to the Auburn Park Hospital, has a death rate of 16.03. The new Auburn Park Hospital will do much to lower the death rate in these wards.

Comparative hospital figures show that Illinois stands thirteenth among the states in hospital facilities, having one bed for every 227 of population. In New York the figure is one bed for every 171 of population.

The merchants on 63rd st. will hold a real discount sale June 9th, 10th and 11th under the auspices of the Englewood Commercial and Civic association.

Nineveh's Pathetic Ruins.

Past Mosul the river Tigris rolls its ancient, almost legendary, waters and opposite on the left bank, the dream of antiquity continues undisturbed. There in the blazing sun or in the shimmering Persian moonlight, lie the ruins of Nineveh, the last and greatest capital of the Assyrian empire. The wall of the disappeared city still stands to a height of 50 feet and is 12 miles in circumference. Close by the bank of the river are the still imposing remains of two citadels.

"Henrys" and "Harrys."

While I know one Harry who was so christened with disregard for the more dignified Henry and there may be other instances of the kind, there seems to be little doubt that the latter is the parent of the former name. England has always called its King Henrys "Harry." During the reign of Henry VI, who succeeded to the throne in 1422, there was a piece of money coined called the Harry noble, and in the time of Henry VIII there was a tiny coin named the Harry groat. "In Jerusalem shall Harry die," said Henry IV.—Chicago Daily News.

Clean Up and Decorate

With the beautiful spring comes the annual clean-up, and with it should come a system of rejuvenating and decorating your premises inside and out. Above all take care of the lawns, you that have them. Plant a few flowers or shrubbery in front of your place, nothing is more pleasing and beautifying. Window and porch boxes add much to the the appearance of a street, and are inexpensive. Let all join to beautify our home district, and everyone doing their little share will help out wonderfully.

Chicago Band Association Fund Still Open to Subscriptions

Support your band—the Chicago Band—which gives its concerts free in the districts of factory, school and home. We have had a number of them in the Thirty-second Ward and expect to have many more. Sustaining memberships in this organization have been subscribed for generously by organized business and club groups, and by employes in industrial plants. But there are yet many hundreds of individuals in our community who have failed to avail themselves of the privilege of contributing to the work of democratization and Americanization that the Chicago Band Association is carrying on. Community memberships cost but one dollar and children's buttons may be had for 10c.

If you feel inclined to aid in this philanthropic project and no solicitor has approached you, call up the chairman of the Thirty-second Ward Auxiliary, Chicago Band Association, Mrs. Albert J. Fisher. Phone Stewart 31, and a campaigner will be sent to you.

Greater Efficiency Enabled Railroads to Meet Country's Growing Demands.

The American railroads are more than one-third of the railways of the world. The traffic hauled on the railways of the United States is now three times as great as it was twenty years ago. In four months now the railroads carry as much freight and as many passengers as they did then in a year. In the three months alone of the harvest movement in 1919 the traffic equaled that of the whole year of 1898.

In 1898 freight ton miles carried by the railroads of the country were more than 100,000,000,000 a year. In 1910 they were more than 250,000,000,000, in 1913 more than 300,000,000,000 and in 1918 more than 400,000,000,000. Although the railway mileage increased only about 65 per cent since 1890, improvements in tracks, terminals, equipment, etc., have been so marked that the volume of goods carried (measured in the number of freight tons carried one mile) increased more than five times from 1890 to 1917.

Increased Efficiency.

Taking account of both freight and passenger service, the railroads in 1900 hauled 186,000 traffic units (freight tons carried one mile, plus passengers carried one mile) for each railway employee. By 1917, the last year of private operation of the railroads prior to the entry of the United States into the war, that 186,000 had been increased to 296,000.

The following table shows the increase in efficiency of American railroads since 1900, which enabled the railroads to keep pace with the growth of the country:

Ton miles increased	190%
Passenger miles increased	170%
Trackage increased	56%
Cars and engine increased	75%
Workers increased	85%
Output per worker increased	60%
Average train load increased	130%

These figures show that the traffic hauled by the railroads of the country has increased more than three times as fast as the trackage, more than twice as fast as the equipment and more than twice as fast as the number of workers. This has been made possible by far-sighted investment of new capital to increase the efficiency of the transportation facilities and thereby enable the railroads to increase the amount of traffic handled and reduce the amount of labor required to handle it.

F. O. I. F. Hold Great Meeting

What was considered one of the best entertainments ever given in Chicago was enjoyed by a large and appreciative audience which packed the large auditorium of the Englewood K. of C. club house last Thursday evening.

A stereopticon lecture was delivered by Rev. Hugh P. Smyth of Evanston and words cannot describe the beauty and eloquence displayed by this sturdy, scholarly, typical "Soggarth Aroon." The pictures which were shown are known as the "Battle of Easter Week, 1916." Among them were the historical buildings of Dublin before and after bombardment by the British guns, general postoffice, liberty hall, and views of several streets in ruins. Along with these were the pictures of the Irish patriots who were either killed during that famous battle or afterwards executed.

The picture of Eamon De Valera, president of the Irish Republic, was also shown and the lecturer paid a high tribute to his fighting qualities.

The lecturer was introduced by the chairman of the evening, the Rev. John J. O'Hearn, of St. Anne's parish, chaplain of the 108th trains. When the picture of the flag of the Irish Republic was shown John J. O'Grady, popular president of the Robert Emmet branch, made a wonderful hit by reciting Father Ryan's poem, "Erin's Green Flag." The next number excelled anything ever seen in Chicago when one hundred Paulist choristers in surplice and purple under the direction of LeRoy Wetzel of the Metropolitan College of Music sang the "Star Spangled Banner," the "Wearing of the Green," "Beautiful Killarney," the "Soldier's Song," "Believe Me if All Those Endearing Young Charms," and other beautiful songs of old Ireland.

Professors McCormick and Flynn on the bagpipes, accompanied by Miss Geary on the violin, rendered beautiful Irish pieces.

Little Kathleen McDonald, the prima donna of Auburn Park, added another triumph to her long list of laurels with a clever rendition of Spanish and toe dances.

After the program the hall was cleared and dancing was participated in for the rest of the evening.

The program was in charge of Thomas H. Prendergast and the dance was conducted by John O'Grady.

Camp Fire News

The Akiyuhapi Camp Fire, Mrs. Geo. F. Gordon guardian, hiked to Jackson Park Wednesday, May 26. The girls who are in Junior High had no school so they started early and blazed a trail which the rest followed. Supper was cooked on the beach and things never tasted so good as they did that night, eaten by the light of the moon. The evening was spent sitting around the fire singing and by our beloved watchword, "Wohelo," we discovered the only other camps on the beach were also Camp Fire Girls. Later the girls had races and the one who won the race received another frankfort sandwich, so they must have been extra good when they would run races for more. There were sixteen girls present and Mr. G. F. Gordon, whom the girls have made comrade of the fire.

Sunday Council Fire

There will be a Sunday council fire at the Normal Park Baptist church, 70th and Stewart ave., June 6 at 8 p. m. in charge of Camp Akiyuhapi. The camps taking part are Mrs. Thornburger's, Mrs. Lave's, Mrs. Newhouse's and Mrs. Gordon's. Mrs. J. Moody will give the council fire talk and we hope all the Camp Fire Girls in Englewood will be out to hear her. Everyone is welcome. If you have heard Mrs. Moody once you will want to hear her again.

Mrs. Thornburger makes a fine field secretary.

On Discarding the Old.

The great discard the old because it has been found insufficient or false, the small because it is old. While the former is influenced by reason, the latter is by disgust. Genius wants to do more than its predecessor; he who apes genius, merely something different.—Lessing.

INVEST YOUR MONEY WISELY

6% The safest forms of investments have always been real estate mortgages secured by farm land. This is proved by the fact that the life insurance companies—the largest investors in the world—prefer farm loans over any other form of security. Producing farm land is better security than city realty. The principal value of city property rests in improvements which sooner or later become antiquated or unsuited to the needs of a changing neighborhood The unforseen influx of undesirable neighbors adversely affects the value of city real estate. Farm land is free from both of these menaces, for every year shows a steady advance in the average value of farm property. It is this constantly increasing security which makes farm mortgages so desirable. For years we have been making farm mortgages and selling them to conservative investors in Chicago. We collect interest and principal without charge. That we have succeeded in building up a reputation for care and conservatism is apparent from the fact that we now have several hundred customers in Chicago and others in over 30 states.

Send for our Illustrated Booklet describing these safe investments.

LINDEN THEATRE
63rd Street at Halsted

The rapidly increasing patronage of the popular Linden Theatre is no doubt due to the fact that Manager Thomas Johnson is ever alive to the requirements of his patrons and is clever enough to put over such productions as appeals to them. This is an art in the film game and "Tom" knows the ins and outs, which linked with service, courtesy and close attention to details, and last, but not least, an exceptionally good orchestra and pipe organ, makes the Linden a very popular photo playhouse.

Friday and Saturday, June 4th and 5th, Charming Ethel Clayton in "A Lady in Love." If you're an Ethel Clayton fan (as sure to enjoy her you) life has been desolate lately from the absence of that lady's pictures. She took a trip to the Orient, and didn't work for a long time. Now she is being seen in "A Lady in Love" at the Linden. Charles Gerhardt supports her.

Extra special attraction one solid week, beginning Sunday matinee, June 6th. Cecil B. DeMille's opulent domestic discussion, "Why Change Your Wife?" Why don't wives remain their husbands' sweethearts? The greatest question of modern life, presented and answered in this fascinating companion picture to Cecil B. DeMille's "Don't Change Your Husband." With Thomas Meighan, Gloria Swanson, Bebe Daniels and Theodore Kosloff.

Friday and Saturday June 11th and 5th. Ethel Clayton in "A Lady in Love."

Pretty young maid from a convent school,
Wedded by stealth to a smooth-tongued knave;
Finding herself soon an innocent tool:
Anxious to flee from the vows she made.

"Husband" a fugitive: came the great day
Fate brought a lover who, true and bold,
Shattered the obstacles thick in the way
And whispered the words that she longed to be told.

Come see "A Lady in Love"; it clings
Close to the heart with its rich appeal;
Che Ethel Clayton's portrayal rings
True.
Better be here. This photoplay's real.

Don't fail to see this picture! Also added short subjects and usual additional.

Special attraction for one solid week commencing Sunday matinee, June 6th. Thomas Meighan, Gloria Swanson and an all star cast in "Why Change Your Wife?" Why don't wives remain their husbands' sweethearts? When countless pairs of ardent lovers fade into listless "married folk" what's the reason? Who's to blame? After ten years of married life Beth and Robert Gordon are fast drifting apart. Beth is too wifely and tries too hard to please her husband with the result that he becomes a bore instead of a helpmate. In a huff the husband keeps an appointment with a young woman client of his. He is caught by Beth and the two are divorced. Robert marries the client widow, but soon discovers that she is becoming worse than his first wife had ever been. Beth, heart-broken, decided to change her method of living and becomes extravagant. Beth and Gordon meet again and they realize their mistake. She nurses him through an attack of a sickness. A divorce is granted from wife number two and Gordon and Beth begin life again. A truly wonderful production.

Vernon Theatre

President "Jim" Barry opens his real summer season at the Vernon this week with the finest bills he has yet offered his clientele. His bookings are all ordered to be the best procurable and his agent, "Jimmy" Costin, never sleeps on the job, and as a consequence this week he has made a ringer in securing for Friday and Saturday, tonight and tomorrow, the great Nazimova in her latest success, "The Heart of a Child." This wonderful story presents Nazimova, the incomparable star, in a living human romance of Limehouse, London theatrical life and British aristocracy. Nazimova has done great pictures, but in none of her previous triumphs has she had the opportunity as in this one to display her every touch of genius. Utterly different from anything the unrivaled star has before enacted, "The Heart of a Child" is easily her masterpiece of the screen. And in point of artistic production and in the excellence of cast it is no less meritorious.

On Sunday, June 6th, from 2 to 11:30, continuous, Geraldine Farrar and Lou Tellegen in "The Woman and the Puppet." "The Woman and the Puppet," adapted from the stage success by the celebrated French authors, Pierre Louys and Pierre Frandaie, is Geraldine Farrar's latest Goldwyn starring vehicle. The plot is laid in Spain and centers around Concha a beautiful and wilful Spanish cigarette girl. A rich man bribes her mother and endeavors to use Concha as a toy for his whims, but the girl uses her own initiative and leaves her home to dance in a wharf cafe. When the rich man at length discovers her, it is to find her dancing, half dressed, for some English traveling gentlemen. Don Mateo can no longer believe her to be the virtuous maiden who repulsed his advances. She convinces him that his suspicion is wrong and unwarranted. Jealousies, quarrels and tricks of whim carry the lovers through a series of clashes until a real understanding is reached.

On Monday, June 7th, "The Devil's Claim," Sessue Hayakawa's great five-act play. The passing of the evil spirit into and out of the hero's body is an oddly interesting example of clever camera witchery. The interior scenes are well lined, there are many fine deep sets in evidence, with effective light and shadow treatment and skilfully posed close-ups.

On Tuesday we present Pauline Frederick in "The Woman in Room 13," and on Wednesday Alice Joyce in "Dollars and the Woman," two of the best plays shown in Blindom and the kind that no real lover of the silent drama cares to miss.

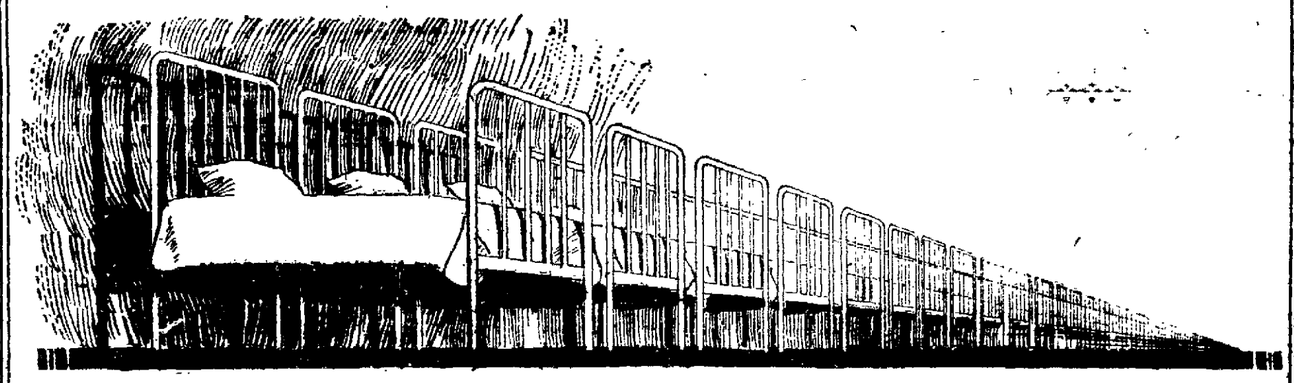
Beds, More Beds, and Still More Beds!



Why We Must Have More Hospital Beds South of Fifty-Fifth Street

Health experts estimate there should be no less than one hospital bed for every 200 residents of a community.

Scores of persons are turned away from hospitals in Chicago every day, because there are not enough beds to accommodate all of the sick, who need hospital care.

The population of Chicago south of Fifty-fifth street is estimated at 500,000, and there should be 2,500 beds.

Yet there are only 677 hospital beds in this section of the city for this half million people!

There should be 1,823 additional beds in this territory.

THE NEW AUBURN PARK HOSPITAL WILL PROVIDE 200 ADDITIONAL BELS FOR THIS GREAT, GROWING SECTION OF CHICAGO.

This great new institution for the care of the sick and injured WILL BE CONDUCTED WITHOUT PROFIT. Patients will save one-third. This will be a People's Hospital, built by popular subscription.

The campaign to raise $500,000 for this hospital will begin Monday, June 14th. Give this campaign your most generous support.

Specially Arranged Music and Artistically Presented

Woodlawn Theatre

Friday and Saturday, June 4th and 5th, are the last two days you have an opportunity to see beautiful Norma Talmadge in "The Woman Gives." The picture is one of the most natural that has ever been screened. The characters are true to life and the general moulding of the entire plot through the actions which would naturally be expected makes this production as splendid an entertainment as has ever been shown. As Inga Sonderson, beautiful model and artist, Norma Talmadge has part of immense feminine appeal in daring to give to benefactor the courage to gain anew the fame and fortune wantonly sacrificed by his wife. "Miss Talmadge was adorable all through the picture."—Mae Tinee in the Chicago Tribune.

Then again another big one week special attraction will be Cecil B. DeMille's masterful production, "Why Change Your Wife," with an all-star cast, featuring Gloria Swanson, Thos. Meighan, Bebe Daniels, Theodore Kosloff and others, the week beginning Sunday, June 6th, continuous 2 to 11:30 p. m. He had no more faults than most men, but his wife acted as his governess rather than his sweetheart. So a dashing little model at the "Maison Chic" snuggled into his life and—the wife won in the end! Come and see how.

The story, which is by William DeMille, is said to be brilliant in conception and to hold the interest throughout. The picture was produced with all the DeMille elaborateness and faithful attention to detail. See these two beautiful women—culture, manners, breeding flung in an instant to the winds—fighting like maddened tigresses—in his room—for the man they loved. The cast is virtually all-cast, including such players as Thomas Meighan, Gloria Swanson and Bebe Daniels.

THE LYNN THEATRE

The Lynn Theatre at 1042-44 W. 63rd St., between Carpenter and Aberdeen Sts., has the reputation of putting on the most popular of the latest films, the snappy, vigorous up-to-the-minute kind that grip and bind and make you remember the show long after you have gone home. Proprietor James Stepanek is one of the shrewdest of bookers and the fact that he has run a certain film at his house is evidence of its excellence. The Lynn Theatre has a perfect ventilating system which make an evening spent there an event of joy and satisfaction. A pleased customer is our one aim. Here are a few offerings:

Sunday, June 6th, dainty little Mary Miles Minter in "Nurse Marjorie." A delicious comedy drama with tender love interest. Love also defies the conventions. Marjorie Donegal was the daughter of a duchess, but she led her lover to believe her mother was a fish woman—and the flame of his affection burned brightest in the maternal fish market. True, he came near to giving her up when her real identity was made known—but that is only one of the intense features. Also latest Harold Lloyd comedy and Mutt & Jeff.

Monday, June 7th, Norma Talmadge supported by Conway Tearle in a dual role, "She Loves and Lies." A complication of love, romance and laughter, adapted from the story by Wilkie Collins. "She Loves and Lies" is a lively serio-comedy punctuated here and there with deep emotional moments. It is a story so absorbing it holds its suspense to the last inch of film. Also "The Lost City" and a good comedy.

Two days, Tuesday and Wednesday, June 8th and 9th, Wm. S. Hart in his latest and best production, "The Toll Gate." It's the best picture he ever produced. See him as Black Deering, bandit, hold up a train—escape from his captors—leap 60 feet from a cliff—burn out a nest of his foes—rout a band of Mexican raiders—fight his betrayer to the death—fling away his freedom to save his enemy's child. Remember that this is the first of the splendid series of William S. Hart productions. Made by William S. Hart himself among the valleys and cliffs of the Great Southwest. It's a master production. Also latest Harold Lloyd comedy and others.

Another two days attraction, Thursday and Friday, June 10th and 11th, the great Nazimova in "The Heart of a Child." This is easily her masterpiece, in point of artistic production and in excellence of cast it is no less meritorious. A photoplay that charms you and leaves you convinced that the world is considerably better than half bad.

Coming—Viola Dana in "Dangerous to Men"; King Baggott in "The Hawk's Trail"; Norma Talmadge in "The Woman Gives"; Bert Lytell in "Jimmy Valentine," and Cecil B. DeMille's great master production, "Why Change Your Wife," with an all-star cast.

Harvard

The Harvard theatre as usual will present some very handsome pictures the coming week, in fact a glance at their advertisement will show that no house in the city runs such a galaxy of attractions of the first order. When Madge fell in love with a baker lad, she began to realize the true meaning of the hole in the doughnut—less work and more profit. Come and see this delightful star in the loveliest, liveliest role she's ever had. Also a good comedy, International News and Travel Pictures.

Tuesday and Wednesday, June 8th and 9th. Beautiful Ethel Clayton, supported by Harrison Ford in a romance of youth and the dangerous way, "A Lady in Love." She lost her heart in romantic infatuation, and thought she had found the greatest thing in the world. But when she learned that the man she'd eloped with was another woman's husband—! Then her adventures in real love began.

Extra special attraction for three days, Thursday, Friday and Saturday, June 10th, 11th and 12th, Cecil B. DeMille's master production, "Why Change Your Wife?" This picture is played by an all-star cast featuring Gloria Swanson and Thomas Meighan, etc. Mr. DeMille has treated a vital question of married life in an entertaining manner. Gloria Swanson is featured as a too wifely wife in the opening scenes, with Thomas Meighan as the husband. Bored by her overzealous care for his comfort, Friend Husband falls for a siren, is divorced, and marries his new charmer, only to discover that his former wife has blossomed out as a beauty.

MARLOWE HIPPODROME

The Marlowe opens with another big Saturday and Sunday attraction in the famous Rag-o-marimba Band, five syncopation kings, featuring Jane Elwayn, the only woman marimba soloist successfully playing with four hammers. They play everything from classics to the jazziest Jazz, every one an artist and all star plays. Also we will show an exceptionally splendid program of high class vaudeville acts, as well as our bright and sparkling photoplays, and our prices are right. Tonight is the last time of Mack Sennett's "Down on the Farm," the funniest of comedies and if you have not seen it, be sure to go tonight.

In the ensemble scenes of "Down on the Farm," Mack Sennett's latest five-reel comedy sensation, the entire menagerie of feathered and four-footed folk is involved. This employment of his mute stars isn't accomplished merely for "atmosphere" purposes, but to help in the progress of moods with a rapidity to which Sennett admirers are accustomed to apply the description "Sennett-tempo." That's as fast as footage of fun can be run without tripping up the jokes.

On Monday and Tuesday they offer "Daredevil Jack," Jack Dempsey's popular serial, in which the world's champion shows his prowess and skill in baffling his wily enemies, all of this in addition to the regular vaudeville program. On Tuesday evening the regular professional song publishers' contest takes place and also the contest of local songsters for the pretty floor lamp, an event replete with interest and some excitement.

On Wednesday and Thursday another episode of "The Lost City," the most wonderful serial picture ever presented, and the regular vaudeville bill.

Every Friday night, as well as tonight, we present a grand professional vaudeville revue, consisting of at least four or more acts and all of the best and latest.

The Marlowe plays only the best at all times. The pictures are good and the other attractions afford that variety so welcome to the blase amusement seeker. Come to the Marlowe at any time and enjoy yourself.

And whispered the words that she longed to be told

EMPRESS THEATRE

The summer policy of the Empress has begun and means if possible better shows than ever before. The matinees are especially attractive to the ladies and the kiddies and every effort is made to please and entertain them as well as the big clientele of men folks who appreciate the wholesomeness of a good show as a good rest. The Empress believes that people want a variety in their amusements as in every other time of life, that variety is the spice and we sure do hand out the spice as we cover every line from really good top liner movie pictures travelogues and scientific scenes as well as the best comedies. On the real stage comes the brightest vaudeville talent of the age, the big fellows all appear at the Empress, no matter on which circuit they do their bookings, they all want a date here and we offer our patrons the very widest selection of choice and not "a dead one" in the lot.

We have just finished the re-decoration and house cleaning and with the improved ventilation system have the most comfortable house in town bar none Don't let the spring fever get you We have a positive cure and the dose is one of our shows afternoon or evening Follow the crowd, go where all wise amusement lovers do and see a live show at any time at

ALICE JOYCE

Many of the greatest men and women of the stage have had their names associated with one certain play.

Alice Joyce seems destined to have the same distinction. The Vitagraph star has had success after success, but, like all other motion picture stars, she has been without a role that stood out separate and distinct from the rest. In "The Vengeance of Durand," adapted from Rex Beach's powerful story adapted by Mr. and Mrs. George Randolph Chester, she has the best role in her notable career.

He Forgot It

It was a dark and moonlight night,
The wind was full of air;
The quietness was thick and sweet,
The bats flew everywhere.
A bedbug clomped across the floor,
And bing-bang dropped the dew.
Two nuts hung high upon a tree,
A bloomin' rooster crew.
But through the stillness, clear and dank,
The breaking dawn now creaks;
The lovely smell of soft coal smoke
Through rusty chimneys squeaks.
The night watch bravely ventures forth,
The milkman prowls about,
Oh, gosh—I plum forgot.
To put the milk bottle out.

The school children are beginning to grieve (?) that school will "let out" in a very few weeks.

At last the lowly dandelion has come into its own. Some fellow has discovered excellent wine can be made of it and with a raisin or two has a "kick" that will lay over an army mule.

Casey has figured it out "thot min who do live in the same square, do not always move in the same circle."

Casey says, "Yis, thot do be awl roight to tell a maiden thot marriages do be arranged in heaven, boot a married woman knows bether."

It looks as if the coming Republican convention will afford a cheap opportunity for the fame of being "a presidential candidate," as about fifty names are now spoken of with Blue Island and Gary yet to hear from.

The "sweet girl graduate" jokes will soon be ripe, but just the same, who is there of us who does not admire, almost envy the happy little dears?

It was Casey that said "Frinds are awlmost as scarce as umbrellas whin you nade thim."

The city council, the Purity League and half a dozen other organizations are in discussion as to the length and size of bathing suits to be allowed on the beaches this summer. Seems to me to be a lot of fuss over such a small matter, in fact I don't see how they could be much smaller.

Strange how outward evidences of wealth change. I remember when a man that wore a silk hat was assured consideration; now only undertakers' assistants wear them. Then the man that carried a watch was a somebody; now they wear 'em on the wrists in the street-cleaning brigade. The time is short when a man that drove an automobile was considered opulent; now about everyone sports at least a flivver, and laborers drive to their jobs in them. Guess I'll have to ride an aeroplane to show my wealth hereafter, or I might buy ten pounds of sugar.

Good morning! How is your pet strike getting along this fine day?

"Me byes hov argainized a baseball club ond they calls thimsilves the 'Bad Eggs,' and whin I axed thim fer phwy they took thot haithenish name, they answered me, 'Shure we can't be bate.'"

"John dear, I have sewed up the hole I found in your pocket," said the thoughtful little wife, but the suspicious and ungrateful hubby immediately asked, "How did you know there was a hole in my pocket?"

When Casey saw for the first time the much discussed "Grizzly bear" dance, he remarked, "Shure, pwhat the divil do they nade music fer to hug a gurl an whirl 'round on the floor?"

Found in the Fairies' Forest

How to Make Money Go.

Pick up a half dollar with two needles, or pins, by placing the points on the milled edge of the coin diametrically opposite each other. By keeping the needles firmly pressed against the coin it will be held with sufficient firmness. Then blow against the coin, directing your breath either above or below the center line, and it will spin round at a great rate, producing a buzzing sound.

Lewis-Champlin Parent Teachers Association

On Tuesday evening, June 8, at 8 o'clock, memorial exercises for Miss Hadessah M. Fleming, late of the Lewis-Champlin school, will be held in the assembly hall of the school.

At this meeting a picture—a memorial to Miss Fleming—will be presented to the school by the Lewis-Champlin Parent-Teachers association.

Old friends and associates of Miss Fleming will tell of her life and work. Her connection of twenty-one years with the Lewis-Champlin school brought her in contact with most of the residents of this community who felt in her death the loss of a friend.

Friends and former pupils of Miss Fleming are invited to this memorial in her honor.

Englewood Discount Sale

The merchants of 63rd st. under direction of the Englewood Commercial and Civic association will hold a three-day discount sale June 9th, 10th and 11th that promises to be the greatest bargain event ever held in Englewood. Each merchant will offer a discount which he is pledged to live up to strictly and this means that standard, reliable goods will be sold during these three days at prices considerably reduced, as an inducement to bring trade to the street. There is no fake or fraud about this sale, it is the real thing and should attract trade from all over the south side.

Suffer for Sins of Others.

"There is no sort of wrong deed of which a man can bear the punishment alone; you can't isolate yourself, and say that the evil which is in you shall not spread," says George Eliot in Adam Bede. It is only too true that we cannot bear punishment alone. And usually our mistakes entail worse suffering on those who love us than they do on ourselves. Just as on the other hand our successes and rewards bring more joy to our dear ones than to ourselves. "No man liveth to himself alone."

Englewood High School Gleanings

Tilden Game

After having defeated Lindblom on Wednesday by a score of 10 to 0, Englewood's baseball team added another victory to its list when it defeated Tilden's team on the following day by a score of 6-4. The largest crowd of the year attended the game, which proved to be the most exciting one thus far. At present, Tilden and Englewood are tied for the championship of this section which will be decided in a game scheduled to take place soon.

Englebooster Dance

Friday has been set aside as the day for the last Englebooster dance of the semester. As the last dance proved so successful, a large attendance is expected at this one.

4B Party

Last Friday the members of the 4B class enjoyed themselves at a party given for them by the Englebooters. After a dance by Louise Sasso, a piano selection by Irwin Fischer, and a living moving picture enacted by a few members of the class, light refreshments were served. The rest of the afternoon was spent in dancing.

Summer School

The teachers of the Englewood Summer High school will hold a meeting on Monday afternoon, June 7, at the Englewood High. The summer school will be opened for registration on Saturday, June 26. The term of eight weeks will begin Monday, June 28. The daily sessions have been changed from 8 a. m.-1 p. m. to 8 a. m.-12 m.

Our Fiftieth Anniversary

Exercises in celebration of the fiftieth anniversary of the Englewood High school will be held in the new auditorium, Monday evening, June 21. There will be presented an attractive program in which old settlers, members of the board of education, and Superintendent Mortenson will take part. All old settlers of Englewood who are interested may secure invitations by applying to the office either by mail or in person. Those who fail to secure tickets may be admitted after 8 o'clock.

The Englewood Y. W. C. A.

Hikes are the order of the day with the clubs at the Y. W. C. A. Center at 6309 Yale ave. On Saturday last the Freshman club of Englewood High school spent the day in the forest preserve. The clubs from Brownell and Beale schools are each to go hiking this week.

There is much interest in the high school clubs in the Dewey Lake conference to be held at Dowagiac, Michigan. Here the last of June and the first days in July delegates from high school clubs from Illinois, Indiana, Michigan and Wisconsin will meet for exchange of ideas and inspiration. There will be four delegates from Englewood High school. The Seniors gave a fashion show to raise funds for their delegates and the Freshmen will put on a stunt show for this purpose.

On Saturday, June 5th, eight representatives from each of the high school clubs of Chicago, along with each club's Dewey Lake delegates, will meet at the Englewood Center for luncheon and the wind-up of inter-club council work of the year. This will be the last inter-club council luncheon until next fall and much of interest will transpire.

On Sunday afternoon, June 21, the Freshman club will repeat the vesper service which they gave on Sunday, May 23. This is a beautiful and simple service telling the story of the "Girl Reserves." Parents and friends will be the guests.

On Thursday, June 3, Miss Courtenay, dean of girls at Lindblom High school, gave a book talk and reading for the Senior club. She brought with her a group of girls from Lindblom High school as visitors.

The one interest paramount to all others in the minds of grade school, high school and business college girls is the summer camp to be held at Millhurst on the Fox river. This is open to all Chicago girls under 20 years of age whether or not they are in Y. W. C. A. clubs. Millhurst, a property of fifteen acres, most of it on an island, is one of the loveliest spots in northern Illinois. Here in the heart of a region full of Indian legends a camp will be maintained for girls from June 28 to September 6. One hundred girls can be accommodated at one time. There will be a camp director, recreation leader, nurse, swimming instructor, life guard, cafeteria director and cooks. For each sixteen girls there will be a councilor. Hikes, tennis, volley ball, swimming and other sports will form part of the camp program with handcraft and other activities for rainy days. The camp building has a dining room and kitchen on the ground floor, recreation and reading and writing room on the second floor and dormitories on the upper floors. The cost is $6.50 for one week. Registrations not already placed should be sent in at once. The phone is Wentworth 5736.

On Tuesdays and Thursdays hot plate luncheons are served to the business college girls at cost. There is quite a demand for the luncheons as for the hot chocolate served on other days. This service is open to any girl or woman who wishes to come to the center for her noon hour.
